

Act on your carbon footprint

Our strategy

With climate change at the heart of our concerns, our climate action plan aims to eliminate net carbon emissions by 2050.

Our contribution

Our initiatives include:

- › Renewing our fleet
- › Using sustainable aviation fuel
- › Strengthening our fuel economy program

NEW

Customer contribution

- › A program to purchase carbon credits

We now offer travelers the option to reduce the climate impact of their travels by supporting certified climate projects.

See how by visiting the [CHOOOSE](#) website.

Let's work together to bring us closer to a more sustainable future.
