

**ACKNOWLEDGMENT AND EXCLUSION OF LIABILITY
BRACHYCEPHALIC DOGS AND CATS**

I, _____, requested the transportation by air of a brachycephalic dog or cat on the flight indicated below.

I am aware of the following:

1. I am aware and acknowledge that brachycephalic breeds have a shortened skull, resulting in a compressed nasal passage and abnormal throat anatomy causing increased breathing negative pressure potentially leading to obstruction of breathing;
2. I am aware and acknowledge that this condition increases the risk of morbidity and mortality occurring during transportation by air;
3. I am aware and acknowledge that the animal will not be accompanied or supervised during the animal transport by air;
- 4. I am aware and acknowledge that Air Transat strongly recommends that brachycephalic animals not be transported by air.**

Having been fully informed of such, I nonetheless request Air Transat to transport the animal by air.

Therefore, I hereby agree to release from liability, indemnify and/or save harmless Air Transat against any and all claims, losses, damages, costs and proceedings that may be brought by myself or a third party in connection with an injury sustained by the animal, including its death.

And I have signed
