RULE 2. APPLICATION OF TARIFF

Per the requirements of the Air Transportation Regulations, section 107(1)(n)(xi), Air Transat is a large air carrier for the purposes of the application and enforcement of the APPR.

The obligations of the carrier under the Air Passenger Protection Regulations (APPR) form part of the tariff and supersede any incompatible or inconsistent term and condition of carriage set out in the tariff to the extent of such inconsistency or incompatibility, but do not relieve the carrier from applying terms and conditions of carriage that are more favorable to the passenger than the obligations set out in the APPR .

Due to the impact of the COVID-19 pandemic, all service enhancements (including, without limitation, boarding priorities, priority baggage retrievals, Kids Club's surprises, inflight duty-free boutique, gourmet and special meals) are suspended where deemed necessary by the Carrier for sanitary reasons.

NOTE: From time to time, the Carrier will enter into code-sharing agreements whereby it will market, as its own, flights operated by another air carrier. In the case of code-share, the rules applicable to a passenger's transportation, and that of their baggage, are those of the carrier identified on the passenger's ticket and not of the carrier operating the flight.

- (a) This tariff contains the rules, regulations, terms and conditions of carriage upon the basis of which the Carrier supplies or agrees to supply scheduled air services between points in Canada for which the Carrier is authorized to operate such services to the same extent as if the contents of this tariff were included in the terms and conditions of :
 - i) Any air waybill or ticket; and,
 - ii) Any scheduled contract between the Carrier and a third party.
- (b) The contents of this tariff form part of any contract of carriage between the Carrier and any third party and in the event of any conflict between this tariff and the scheduled contract, this tariff shall prevail.
- (c) All obligations incurred by the Carrier under any ticket, air waybill or scheduled contract are subject to compliance by the parties thereto with applicable laws and regulations and are further subject to such affirmative acts, findings, clearances and approvals as may be required on the part of any government or governmental agency for the lawful discharge thereof; and the transportation herein described shall be performed according to and subject to any and all rules and regulations of the CTA and any other governmental agency having jurisdiction. The Carrier shall not be held answerable for damage or otherwise subject to penalties or forfeitures under any ticket, air waybill or scheduled contract, for delay or omissions attributable to any law, regulation or government or governmental agency as aforesaid, nor in the event that any flight cannot be flown as a result of an official act of the CTA, including the denial or cancellation of any necessary authority to the Carrier, provided that any such denial, cancellation, delay or omission did not result from any negligence or default on the part of the Carrier.
- (d) Carriage is subject to the rules, fares and charges in effect on the date on which such carriage commences at the point of origin designated on the tickets. References to pages, rules, items and notes are continuous and include revisions, supplements thereto and reissues thereof.
- (e) The Carrier will be responsible for the furnishing of transportation only over its own lines. When any carrier undertakes to issue a ticket, baggage check, or make any other arrangements for transportation over the lines of any other carrier (whether or not such transportation is part of a through service), such carrier will act only as agent for such other carrier and will assume no responsibility for the acts or omissions of such other carrier.

- (f) No agent, employee or representative of the Carrier has authority to alter, modify or waive any provisions of the contract of carriage or of this tariff unless authorized in writing by an officer of the Carrier.

RULE 3. CURRENCY

All monetary amounts published in this tariff are stated in the lawful currency of Canada unless otherwise specified.

RULE 4. CAPACITY LIMITATIONS

The Carrier shall limit the number of passengers carried on any one flight at fares governed by rules making reference hereto and such fares will not necessarily be available on all flights operated by the Carrier. The number of seats which the Carrier shall make available on a given flight will be determined by the Carrier's best judgment as to the anticipated total passenger load on each flight.

RULE 5. CONDITIONS OF CARRIAGE**5.1 Substitution of Aircraft:**

The Carrier may without notice, and subject to any necessary approval of the CTA or government authority, substitute an aircraft of the same or any other appropriate type for the aircraft agreed upon for a flight. The Carrier may also substitute another Air Carrier to operate flights on its behalf. The Carrier will inform passengers of the identity of the operating Air Carrier.

5.2 Responsibility for schedules and operations (Subject to Rule 18):

- a) The Carrier will endeavor to transport passengers and baggage with reasonable dispatch. Times shown in schedules, scheduled contracts, tickets, air waybills or elsewhere are not guaranteed. Flight schedules are subject to change. Such changes may include the addition, the omission or the alteration of one or more stops to the original itinerary, as well as the amendment of original flight departure and arrival times. The Carrier will make reasonable efforts to inform passengers of delays and schedule changes and, to the extent possible, the reason for the delay or change.
- b) Where a routing modification subsequent to the purchase of travel results in a change from a direct service to a connecting service, the Carrier will, upon request by the passenger, provide a full refund of the unused portion of the fare paid.
- c) Without limiting the generality of the foregoing, the Carrier cannot guarantee that a passenger's baggage will be carried on the flight if sufficient space is not available as determined by the Carrier. Notwithstanding, if the baggage does not arrive on the same flight, the Carrier will take steps to deliver the baggage to the passenger's residence/hotel as soon as possible. The Carrier will take steps to inform the passenger on the status of delivery and will provide the passenger with an overnight kit, as required.

-
- d) If a flight is delayed for more than four (4) hours beyond scheduled departure time, the Carrier will provide the passenger with a meal voucher. If the flight is delayed more than eight (8) hours and requires an overnight stay, the Carrier will pay for an overnight hotel stay and airport transfers for passengers who did not originate their travel at that airport.
- e) If the delay occurs while onboard, the Carrier will offer drinks and snacks as available, where it is safe, practical and timely to do so. The Carrier shall ensure the lavatories remain stocked and in working order, and that there is access to medical assistance if required. The aircraft commander will ensure that passengers are aware and kept informed of the status of the delay at least every 30 minutes. If the delay exceeds 90 minutes while at the gate, or 4 hours in the event of a Tarmac delay, the Carrier must allow the passengers to deplane unless:
- i. the Carrier determines there is a safety-related, or security-related reason (e.g. weather, directive from a government agency or authority) why the aircraft cannot leave its position on the tarmac to deplane passengers; or,
 - ii. air traffic control advises the aircraft commander that returning to the gate, or another disembarkation point elsewhere in order to deplane the passengers would significantly disrupt airport operations.
- f) In the event of an impossibility to deplane, the Carrier shall continue to respect its undertakings outlined under sub-section e) above for as long as the delay lasts. In the event of deplaning, the Carrier shall respect its undertakings outlined under Rule 21 hereunder, including, but not limited to, undertakings related to rebooking and refunds.
- g) In the event of an involuntary re-routing of a flight, the Carrier will ensure that the passenger is routed or transported to his/her ultimate destination, as per the contract of carriage. If no reasonable transportation can be arranged, the Carrier will offer the passenger a cash payment or travel credit. When determining the amount of the offered cash payment or travel credit, the Carrier will consider all circumstances of the case, including any expenses which the passenger, acting reasonably, may have incurred as a result of a Schedule Irregularity, as for example, costs incurred for accommodation, meals or additional transportation. The Carrier will set the amount of compensation offered with a view to reimbursing the passenger for all such reasonable expenses. The option of choosing between a cash payment or travel credit will be at the passenger's discretion.
- h) The rights of a passenger against the Carrier in the event of a Schedule Irregularity are, in most cases of international carriage, governed by an international convention known as the Montreal Convention, 1999. Article 19 of that Convention provides that an air carrier is liable for damage caused by delay in the carriage of passengers and goods unless it proves that it did everything it could be reasonably expected to do to avoid the damage. There are some exceptional cases of international carriage in which the rights of the passengers are not governed by an international convention. In such cases only,

a court of competent jurisdiction can determine which system of laws must be consulted to determine what those rights are.

5.3 Force Majeure:

5.3.1 Notwithstanding any other terms or condition contained herein, the Carrier shall not be liable for failure in the performance of its obligations due to Force Majeure.

5.3.2 In the event of a Force Majeure, the Carrier may without notice cancel, terminate, divert, postpone or delay any flight whether before departure or enroute. If the flight, having commenced is terminated, the Carrier shall refund the unused portion of the flight and shall use its best efforts to provide alternate transportation to the destination for the passengers and baggage at the expense and risk of the passenger or shipper.

5.4 Compliance by Scheduled User, passenger or Shipper:

The Scheduled User, all passengers and all shippers shall fully comply with all of the terms and conditions, rules and regulations set out in this tariff. Failing such compliance, the Carrier shall be entitled to cancel any scheduled contract or ticket. Refunds will be provided where applicable.

5.5 Space for Carrier's use:

Any unused capacity in the aircraft not being utilized by any scheduled user, passengers or shipper may be used by the Carrier.

5.6 Flight Operations

5.6.1 Selection of Flight Route

The Carrier shall have the right to select the route for the flight, provided, however, the shortest route which in the opinion of the Carrier is safe, feasible and duly authorized by any competent authority having jurisdiction, shall be followed.

5.6.2 Pilot's Discretion

The aircraft at all times shall be under the exclusive control of the pilot-in-command, whose orders shall be strictly complied with by any scheduled user and all passengers and shippers. The pilot of the aircraft shall have complete discretion concerning the load carried and its distribution and as to whether a flight should be undertaken or diverted and as to where and when and under what circumstances landing should be made and all such decisions of the pilot shall be accepted and agreed to by any scheduled user, the passengers and the shippers.

Subject to the provisions of Rule 6.4, the present will not apply to passengers with physical disabilities.
- d) The passenger fails to observe the instructions of the Carrier's personnel.
- e) The passenger refuses, upon request, to provide positive identification, or is not in possession of passports, visas or other required travel documentation.

- g) A passenger under the age of eight (8) years is not accompanied during the carriage by a passenger of at least sixteen (16) years of age or if a passenger having attained eight (8) years of age, travelling alone, is not accompanied to the airport at the time of departure by an adult who shall remain at the airport until after flight departure; or
 - i) does not hold confirmed reservations through to the destination; or
 - ii) has not made advance arrangements for such carriage with the Carrier; or
 - iii) has not had an unaccompanied minor form satisfactorily completed for such passenger; or
 - iv) if satisfactory assurance is not given to the Carrier by such adult that such passenger will be met at the airport of destination by another adult. The Carrier may require satisfactory evidence establishing the child's age at the date of commencement of carriage.

-
- h) The passenger fails to comply with all laws, regulations, orders, demands or travel requirements of countries to be flown from, into, or over, and with all rules, regulations and instructions of the Carrier. The Carrier shall not be liable for any aid or information given by any agent or employee of the Carrier to any passenger in connection with obtaining necessary documents or complying with laws, regulations, orders, demands, requirements or instructions, whether given orally or in writing, or otherwise, or for the consequences to any passenger resulting from his failure to obtain such documents or to comply with such laws, regulations, orders, demands, requirements or instructions.

6.2 Passenger's conduct – Prohibited conduct & sanctions

a) Prohibited conduct

Without limiting the generality of the foregoing, the following constitutes prohibited conduct where it may be necessary, in the reasonable discretion of the Carrier, to take action to ensure the physical comfort or safety of the person, other passengers (in the future and present) and/or the Carrier's employees; the safety of the aircraft; the unhindered performance of the crew members in their duty aboard the aircraft; or the safe and adequate operation of the flight:

- iii) the person's conduct involves any unusual hazard or risk to self or to other persons (including, in cases of pregnant passengers, unborn children) or to property;
- iv) the person fails to observe the instructions of the Carrier and its employees, including instructions to cease prohibited conduct;

- ii) probation. The Carrier may stipulate that the passenger is to follow certain probationary conditions, such as to not engage in prohibited conduct, in order for the Carrier to provide transport to said passenger. Such probationary conditions may be imposed for any length of time, which, in the exercise of the Carrier's reasonable discretion, is necessary to ensure the passenger's continued compliance in continued avoidance of prohibited conduct, and;

The length of the refusal period will be in the Carrier's reasonable discretion, and will be for a period commensurate with the nature of the prohibited conduct and until the Carrier is satisfied that the passenger no longer constitutes a threat to the safety of the other passengers, crew or the aircraft or to the comfort of the other passengers or crew; the unhindered performance of the crew members in their duty aboard the aircraft; or the safe and adequate operation of the flight. The following conduct will automatically result in an indefinite up to lifetime ban:

- v) Notwithstanding the above, a person who is refused carriage for an indefinite period of time, up to a lifetime ban, or to whom a probation notice is served may provide to the Carrier, in writing, the reasons why he/she no longer poses a threat to the safety and/or comfort of passengers and/or crew, or to the safety of the aircraft. Such petition may be sent to the address provided in the refusal to carry notice or the notice of probation. The Carrier will respond to the petitioner within a reasonable period of time and will therein provide an assessment as to the need or not to prolong the ban or to maintain the probation period.

In the event of proven willful misconduct and/or gross negligence as a direct cause of the death or injury in question on the part of the Carrier, its personnel, agents or mandataries, this limit may not apply per the principles of applicable law. Furthermore, where a domestic flight segment is part of the contract of carriage of an international itinerary, the liability provisions of the applicable international conventions may apply.
2. In no cases shall the Carrier's liability exceed the actual loss suffered by the passenger. All claims are subject to proof of amount of loss. In addition, the Carrier shall not be liable for consequential, special, punitive or exemplary damages arising from or connected in any way with any act or omission by the Carrier, its employees, agents or mandataries, or whether or not such act or omission was negligent and whether or not the Carrier had knowledge that such damages might be incurred.

- (a) The liability of the carrier is limited to sum of 1131 SDR (approx \$1,800 CAD) for each passenger in the case of destruction, loss, damage or delay of baggage, whether checked or unchecked. However, the limit will not apply:

- (i) If it is proved that the damage resulted from an act or omission of the carrier, its servants or agents, done with intent to cause damage or recklessly and with knowledge that damage would probably result; provided that, in case of such act or omission of a servant or agent, it is also proved that such servant or agent was performing services for the carrier in furtherance of the contract of carriage.
- (b) If the carrier proves that the damage was caused or contributed to by the negligence or other wrongful act or omission of the person claiming compensation, or the person from whom he or she derives his or her rights, the carrier shall be wholly or partly exonerated from its liability to the claimant to the extent that such negligence or wrongful act or omission caused or contributed to the damage.

Unless the passenger proves otherwise:

(D) Exclusion of Liability

Except as any applicable laws may otherwise require:

1. The Carrier is not liable for destruction, loss, damage or delay of unchecked baggage arising out of or in connection with carriage or other supplementary services to carriage performed by the Carrier, unless such damage is caused by the negligence of the Carrier. Assistance offered to the passenger by the Carrier's employees in loading, unloading or transferring unchecked baggage shall be considered as complimentary service to the passenger. The Carrier is not liable for damage to such unchecked baggage incurred during, or, as a result of this service, unless such damage is caused by the negligence of the Carrier's employees.

The Carrier is liable for damage sustained in case of destruction or loss of, or of damage to, checked baggage upon condition only that the event which caused the destruction, loss or damage took place on board the aircraft or during any period within which the checked baggage was in the charge of the Carrier. However, the Carrier is not liable if and to the extent that the damage resulted from the inherent defect, quality or vice of the baggage.
4. The Carrier is not liable for damage to the passenger's baggage caused by contents of the passenger's baggage. Any passenger whose property causes damage to another passenger's baggage or to the property of the carrier will compensate the carrier for all losses and expenses it incurs as a result.
5. When the Carrier has exercised reasonable care and attention to the handling and treatment of perishable items or fragile articles, it shall not be liable for spoilage resulting from the delay in delivery of any perishable items, nor for the damage to, or damage caused by, fragile articles per Rule 7. which are unsuitably packed.
7. Liability of the Carrier for damage will be limited to events on its own line, except in the case of checked baggage, with respect to successive carriage, in which case, the passenger also has a right of action against the first or last carrier involved in the transportation.
8. If the Carrier issues a ticket or checks baggage for carriage on another carrier, it does so only as an agent.
9. In the case of unchecked baggage, the Carrier is liable only to the extent that the damage resulted from its fault or that of its servants or agents.
10. Any exclusion or limitation of liability of the Carrier under this tariff or under the passenger's ticket will apply to agents, servants or representatives of the Carrier who were performing services in furtherance of the contract of carriage and also to any person whose aircraft is used by the Carrier and its agents, servants or representatives who are performing services in furtherance of the contract of carriage.

-
11. The owner of a pet will be responsible for compliance with all government regulations and restrictions including providing valid health and rabies vaccination certificates when required. (E) Time Limitations on Claims and Actions

1. No action will be taken against the carrier in case of loss or delay in the delivery of checked and unchecked baggage unless the passenger complains in writing to the carrier within:

2. In the case of damage to checked baggage, the passenger must complain to the carrier immediately after discovery of damage, and at the latest, within seven days from receipt of the baggage.
3. Any claim against a carrier will be extinguished unless an action is brought within two years reckoned from the date of arrival at the destination, or from the date on which the aircraft ought to have arrived, or from the date on which the carriage stopped. For baggage claims, reimbursement for expenses will be based upon acceptable proof of claim.

Carrier shall receive baggage onboard any flight only upon a baggage check for the flight having been presented for carriage and upon a baggage check for the flight having been affixed thereto. Baggage for which a baggage check has been issued by the Carrier shall be delivered to the bearer of the baggage check provided, however, that the Carrier shall not be liable for any loss, damage or expenses arising out of or in connection with its failure to ascertain that the person claiming the baggage is the bearer of the baggage check applicable thereto. If a person claiming the baggage is unable to present the baggage check, the Carrier shall deliver the baggage if such person establishes that person's right thereto to the Carrier's satisfaction and the Carrier may require such person to furnish adequate security to indemnify the Carrier for any loss, damage or expense which may be incurred by the Carrier as a result of such delivery. The Carrier shall not be bound to check baggage beyond the destination of the flight.

A passenger with a valid paper or electronic ticket reflecting reservations for a specific flight and date on the Carrier is considered confirmed, unless the reservation was cancelled due to one of the reasons indicated in Rule 11. The Carrier does not guarantee to provide any particular seat on the aircraft.
- b) It is the responsibility of the passenger to re-confirm flight schedules at least 24 hours and not more than 72 hours prior to originally scheduled departure time. The Carrier shall not be liable for damages or refund for failure to re-confirm which leads to a missed flight.
- c) Seat selection and applicable fees

A passenger holding a confirmed reservation may pre-select a seating assignment, where and when available, for the reserved flights. Such pre-selected seating assignment is not guaranteed and will be subject to cancellation without refund if the passenger fails to check-in at least 75 minutes prior to scheduled departure time. The Carrier will make reasonable efforts to ensure that parents/guardians travelling with children under 14 years of age are seated together. In order to accommodate parents/guardians travelling with children under 14 years of age that check-in late or do not use the Carrier's advance seat selection service per the present Rule, the following steps will be taken by the Carrier on a complimentary basis: the Carrier will maintain small groups or blocks of seats for their seating assignments subject to availability. In cases where this is not possible, the cabin crew chief of the flight in question may be asked to assist by ground personnel by asking other seat-assigned passengers to voluntarily change seats in order to accommodate parents/guardians travelling with children under 14 years of age once boarding is complete. Where parents/guardians choose to reserve their seats in advance per the present Rule, their accompanying children under 12 years of age who are registered free of charge in the Carrier's Kids Club program will be provided guaranteed contiguous seat assignments on a complimentary basis.

The Carrier must assign, at no additional charge, the seats as follows: (a) in the case of a child who is four years of age or younger, a seat that is adjacent to their parent, guardian or tutor's seat; (b) in the case of a child who is 5 to 11 years of age, a seat that is in the same row as their parent, guardian or tutor's seat, and that is separated from that parent, guardian or tutor's seat by no more than one seat; and (c) in the case of a child who is 12 or 13 years of age, a seat that is in a row that is separated from the row of their parent, guardian or tutor's seat by no more than one row.

Two-by-Two seats	\$25.00 - \$60.00
Seats with more Legroom	\$25.00 - \$95.00
Front of Cabin Seats	\$10.00 - \$60.00

The above fees are in Canadian dollars, are non-refundable prior to departure and will be waived for passengers who advise the Carrier at booking that the requested seat is needed to accommodate a physical disability. In the event that the pre-selected seating assignment is not available at check-in, the Carrier will undertake to make alternate seat assignment arrangements or will provide a refund of the seat reservation fee paid for the flight segment involved upon request by the passenger.

RULE 11. CANCELLATION OF RESERVATIONS (Subject to Rule 18)

All reservations are subject to cancellation without notice:

RULE 16. DENIED BOARDING COMPENSATION

Subject to Rule 18, when the Carrier is unable to provide previously confirmed space due to more passengers holding confirmed reservations and tickets on a flight than there are available seats on that flight, the Carrier will take the actions specified in the provisions of this rule in addition to those stipulated in Rule 6.3.

16.1 Request for volunteers

The Carrier will request passengers who are willing to do so, to voluntarily relinquish their confirmed reserved space in exchange for compensation in an amount to be determined by the Carrier. If a passenger is asked to volunteer, the Carrier will not later deny boarding to that passenger involuntarily unless that passenger was informed at the time he was asked to volunteer that there was a possibility of being denied boarding involuntarily and of the amount of compensation to which he would have been entitled in that event. The request for volunteers and the selection of such persons to be denied space shall be in a manner determined solely by the Carrier. In exchange for voluntarily relinquishing confirmed space, the Carrier may, at its option, offer to compensate that passenger with a credit valid for the purchase of future transportation on the Carrier in lieu of monetary compensation. The credit shall be of a value equal to or greater than the level of monetary compensation which would otherwise have been offered and shall be valid for travel only on the Carrier within eighteen months from the date of issue and shall be non-refundable, non-endorsable and non-transferable.

16.2 Boarding priorities

Passengers with the highest priority, as listed below, will be the last to be involuntarily denied boarding. Passengers within any of the following categories will be boarded in the order of their arrival at the ticket lift point:

- a) Passengers who are aged or physically disabled, regardless of fare paid, and unaccompanied children;
- b) Passengers under the age of 16 years who are traveling without a person 16 years or older and who are not traveling on a youth standby fare;
- c) Passengers traveling on a Club Class fare;
- d) TWOV/Deportee/Inadmissible passengers;
- e) Elderly passengers;
- f) Families traveling with children;
- g) Passengers with confirmed connecting flights.

16.3 Transportation for passengers denied boarding

The Carrier will provide transportation to persons who have been denied boarding, whether voluntarily or involuntarily, in accordance with the provisions below:

- a) The Carrier will transport the passenger on its next available flight at no additional cost to the passenger;
- b) If the Carrier is unable to provide onward transportation acceptable to the passenger, any other carrier or combination of carriers, at the request of the passenger, will transport the passenger without stopover on its (their) next flight(s) in the same class of service as the passenger's original outbound flight, or if space is available on a flight of a different class of service acceptable to the passenger, such flight(s) will be used without stopover at no additional cost to the passenger only if it will provide an earlier arrival at the passenger's destination, next stopover point, or transfer point.

16.4 Compensation for involuntary denied boarding

In addition to providing transportation as described in paragraph (b) above, the Carrier will compensate the delayed passenger for failure to provide confirmed space. Compensation will be made in accordance with the following provisions:

- a) Conditions for payment
 - i. A passenger holding a ticket for confirmed space must present him/herself for carriage at the appropriate time and place, having complied fully with the Carrier's requirements as to ticketing, check-in and reconfirmation of reservations and having met all requirements for acceptance of transportation published in the Carrier's tariffs.
 - ii. The flight for which the passenger holds confirmed space must be unable to accommodate the passenger and departs without him/her.
 - iii. The passenger who has been denied boarding will not be entitled to compensation in the event of the following:
 - substitution of equipment of a lesser capacity when required for operational or safety reasons;
 - government requisition of space;
 - the passenger is offered and refuses a seat in a section of the aircraft other than that specified on the ticket at no extra charge; if a passenger is seated in a section for which a lower fare applies, the passenger shall be entitled to an appropriate refund;

-
- b) Amount of compensation
- i) The Carrier will tender liquidated damages in the following amounts: for flights of less than 5 hours duration – \$100.00; for flights of 5 hours length or more – \$200.00 regardless of final destination or fare paid.
 - ii) If the offer of compensation is accepted by the passenger, such payment shall constitute full compensation for all actual or anticipatory damages incurred or to be incurred by the passenger as a result of the Carrier's failure to provide the passenger with confirmed space.
 - iii) The Carrier may, at its option, offer to compensate the passenger with credit for free transportation on the Carrier in lieu of monetary compensation. The credit offered will be of a value equal to or higher than that of the monetary compensation due to the passenger and the Carrier will inform the passenger of the amount of cash compensation that would otherwise be due. The passenger may decline the credit and accept the cash. If accepted, the credit will be valid for travel only on the Carrier within one year from the date of issuance and shall be valid for free transportation on any route.
 - iv) The offer of compensation will be made by the Carrier at the time of failure to provide confirmed space, and, if accepted, will be receipted for by the passenger. Should the Carrier arrange alternate transportation that departs prior to the time the offer can be made to the passenger, the offer shall be made by mail or other means within 24 hours after the time the failure to provide confirmed space occurs.

16.5 Notice provided passengers

The Carrier shall furnish all passengers who are denied boarding involuntarily from flights on which they hold confirmed space a copy of the following written statement:

- a) Compensation for denied boarding
If you have been denied a reserved seat on Air Transat you are probably entitled to monetary compensation. This notice explains the airline's obligations and the passenger's rights in the case of an oversold flight, in accordance with tariffs on file with the C.T.A.
- b) Volunteers and boarding priorities
If a flight is oversold (more passengers hold confirmed reservations than there are spaces available), no one may be denied boarding against his will until airline personnel first ask for volunteers who will give up their reservations willingly, in exchange for payment of the airline's choosing. If there are not enough volunteers, other passengers may be denied boarding involuntarily, in accordance with the boarding priorities of the Carrier.

- c) Compensation for involuntary denied boarding
If you are denied boarding involuntarily, you are entitled to payment of “Denied Boarding Compensation” from Air Transat unless (a) you have not fully complied with the airline’s ticketing, check-in and reconfirmation requirements, or you are not acceptable for transportation under the airline’s published tariffs (b) the flight has been cancelled (c) a government requisition of space has occurred or a smaller capacity aircraft was substituted for safety or operational reasons (d) a reduction of available seating capacity has occurred for safety or operational reasons (e) you are offered accommodation in a section of the aircraft other than that specified in your ticket, at no extra charge (a passenger seated in a section for which a lower fare applies must be given an appropriate refund).
- d) Amount of denied boarding compensation
Passengers who are eligible for denied boarding compensation must be offered either:
- i) For flights of less than 5 hours - \$100 ; 5 hours or more - \$200.
 - ii) A travel credit on Air Transat equivalent to twice the monetary amount.
- e) Method of payment
The Carrier will give each passenger who qualifies for compensation a payment by check for the amount specified above, at the time the involuntary denied boarding occurs. However, if the airline arranges alternate transportation which departs before the payment can be made, the payment will be sent to the passenger within 24 hours. The Carrier may offer travel credits in place of the cash payment. The passenger may, however, insist on the cash payments, or refuse all compensation and bring private legal action.
- f) Passenger’s options
Acceptance of the compensation (by endorsing the cheque within 30 days) relieves the Carrier from any further liability to the passenger caused by its failure to honour the confirmed reservation. However, the passenger may decline the payment and seek to recover damages in a court of law or in some other manner.

RULE 17. USE OF OXYGEN ON-BOARD

The Carrier provides breathing oxygen on-board for chronic respiratory illness. The passenger requiring such breathing oxygen must submit a request to the Carrier to this effect not less than seven (7) days prior to scheduled departure. As part of this process, the passenger must have a physician complete the required form provided by the Carrier. A fee of \$100.00 per oxygen kit will be charged (up to a maximum of \$300) for oxygen service from point of departure to point of destination, stop-over or interline transfer, whichever occurs first. The passenger may use the following types of personal oxygen concentrators on board: AirSep Focus, AirSep Freestyle, AirSep Free Style 5, AirSep Lifestyle, Delphi RS-00400, DeVilbiss Helathcare's iGo, Inogen One, Inogen's Inogen One G2, Inogen One G3, Inova Labs LifeChoice, Inova Labs LifeChoice Activox, International Biophysics LifeChoice, Invacare XP02, Invacare Solo2, Oxlife's Independence Oxygen Concentrator, Oxus RS-00400, Precision Medical EasyPulse, Respiroics EverGo, Respiroics SimplyGo, SeQual Eclipse, SeQual SAROS. These concentrators use lithium batteries, which are accepted for carriage in the cabin only (no more than two spares per passenger). Passengers using such equipment may not be seated in bulkhead or emergency exit rows, as the device must be stowed under the seat in front whenever the fasten seat belt sign is illuminated. Such concentrators must conform with Transport Canada's Carriage of Dangerous Goods Regulations, as well as with carry-on baggage size regulations as per Rule 7. Moreover, the use of personal oxygen concentrators by the passenger is permitted on board subject to 48 hour advance notice in this respect being provided to the Carrier. Such notice must include a declaration by a physician (including basic contact details) that the passenger may fly without risk to himself/herself or to others on board.

RULE 18. ADDITIONAL PASSENGER SERVICE COMMITMENTS

1. Given that passengers have a right to information on flight times and schedule changes, the Carrier will make reasonable efforts to inform passengers of delays and schedule changes and to the extent possible, the reason for the delay or change.
2. (i) Given that passengers have a right to take the flight they paid for, if the passenger's journey is impacted by a Schedule Irregularity, the Carrier will take into account all the circumstances of the case as known to it and will provide the passenger with the option of accepting one or more of the following remedial choices:
 - a) transportation to the passenger's intended destination within a reasonable time at no additional cost ;
 - b) return transportation to the passenger's point of origin within a reasonable time at no additional cost;
 - c) where no reasonable transportation option is available and upon surrendering of the unused portion of the ticket, a cash amount or travel credit (at the passenger's discretion) in an amount equal to the fare and charges paid will be refunded or provided as a credit where no portion of the ticket has been used. Where a portion of the ticket has been used, an amount equal to the lowest comparable one-way fare for the class of service paid for shall be refunded or provided as a credit in the event of a one-way booking/itinerary, and for round-trip, circle trip or open jaw bookings/itineraries, an amount equal to fifty percent of the round-trip fare and charges for the class of service paid for, for the unused flight segment(s), shall be refunded or provided as a credit.
- (ii) When determining the transportation service to be offered, the Carrier will consider:
 - (a) available transportation services, including services offered by interline, code sharing and other affiliated partners and, if necessary, other non-affiliated carriers;
 - (b) the circumstances of the passenger, as known to it, including any factors which impact upon the importance of timely arrival at destination.
- (iii) Having taken all the known circumstances into consideration, the Carrier will take all measures that can reasonably be required to avoid or mitigate the damages caused by a Schedule Irregularity. Where a passenger who accepts option (a) or option (b) or option (c) nevertheless incurs expense as a result of advancement Schedule Irregularity, the Carrier will in addition offer a cash payment or travel credit, the choice of which will be at the passenger's discretion.

-
- (iv) When determining the amount of the offered cash payment or travel credit, the Carrier will consider all circumstances of the case, including any expenses which the passenger, acting reasonably, may have incurred as a result of the Schedule Irregularity, as for example, costs incurred for accommodation, meals or additional transportation. The Carrier will set the amount of compensation offered with a view to reimbursing the passenger for all such reasonable expenses.
3. Given that passengers have a right to punctuality, the Carrier will do the following:
- a) If a flight is delayed and the delay between the scheduled departure of the flight and the actual departure of the flight exceeds 4 hours, the Carrier will provide the passenger with a meal voucher;
 - b) If a flight is delayed by more than 8 hours and the delay involves an overnight stay, the Carrier will pay for an overnight hotel stay and airport transfers for passengers who did not start their travel at that airport;
 - c) If the delay occurs while onboard, the Carrier will offer drinks and snacks as available, where it is safe, practical and timely to do so. The Carrier shall ensure the lavatories remain stocked and in working order, and that there is access to medical assistance if required. The aircraft commander will ensure that passengers are aware and kept informed of the status of the delay at least every 30 minutes. If the delay exceeds 90 minutes while at the gate, or 4 hours in the event of a Tarmac delay, the Carrier must allow the passengers to deplane unless:
 - i. the Carrier determines there is a safety-related, or security-related reason (e.g. weather, directive from a government agency or authority) why the aircraft cannot leave its position on the tarmac to deplane passengers; or,
 - ii. air traffic control advises the aircraft commander that returning to the gate, or another disembarkation point elsewhere in order to deplane the passengers would disrupt airport operations.
 - d) In the event of an impossibility to deplane, the Carrier shall continue to respect its undertakings outlined in sub-section c) above for as long as the delay lasts. In the event of deplaning, the Carrier shall respect its undertakings outlined under the current Rule 21 including, but not limited to, undertakings related to rebooking and refunds.
4. Given that passengers have a right to retrieve their luggage quickly, if the luggage does not arrive on the same flight as the passenger, the Carrier will take steps to deliver the luggage to the passenger's residence/hotel as soon as possible. The Carrier will take steps to inform the passenger on the status of the luggage and will provide the passenger with an overnight kit as required. Compensation will be provided as per the provisions of this tariff.
5. Given that nothing in this tariff would make the Carrier responsible for acts of Force Majeure per Rule 5.3 or for the acts of third parties that are not deemed servants and/or

agents of the Carrier per applicable law or international conventions, the Carrier shall not be held responsible for any event of Force Majeure or for the actions of such third parties including governments, air traffic control service providers, airport authorities, security and law enforcement agencies, or border control management authorities.

6. In the event of a conflict between the provisions of this Rule and those of any other rule in this tariff, the provisions of this Rule shall prevail except with respect to Rule 5.3.
